

Notes from Open Space Topic Conveners

What was your topic or question?

Spiritual awareness and healing research and practice.

What were major discussion points?

- Blocks to doing research despite the fact there is a lot of evidence
- Difference between spirituality and religion
- Healings with chronic pain patients—some may not be ready to have their pain relieved all at once.

What did you learn?

- **PERSISTENCE PERSISTENCE PERSISTENCE**
- Rule of three
- Comfort level of the practitioner can resonate with the receiver “clearing the vessel”
- Resistance of physicians to spirituality data/research
