

Notes from Open Space Topic Convenors

What was your topic or question?

How do we use untapped cultural resources (native/local peoples) to bring their healing culture to our healing center?

What were major discussion points?

Obstacles, priorities, ideas to reach out, what we can do within ourselves to make a difference

What did you learn?

- Education is the key.
- Start to plant the seed at an early stage.
- Listen to what others have to say as well as value their input.
- Bring role models to the communities.
- It starts with me.
